Design Details

For this assignment, you will find (or take) three photos of people modeling clothes (no lingerie or swimwear).

- A. Copy and paste each photo into this document.
- B. Describe each type of garment the person is wearing.
- C. Describe the design details for each garment
- D. Submit your assignment.

Part A. Add photos to this document

1. Download this document to your computer or device.
2. Locate three suitable photos.
 - Download a photo, scan from a magazine, or photograph your model.
3. **Save** your images to the device where you downloaded this document.
4. **Insert** your images into the designated spaces below. To do this:
 - Click on the picture icon found in the center of the blue box. This will bring up the option to browse your device and insert the desired image.
 - Adjust the size of each image so you are able to fit your photograph on the page. You may adjust the size by clicking on the image then dragging any corner.

Part D. Submit the Assignment

After you added all the images and written your descriptions, submit your work. Before submitting, save this assignment as a PDF.

The steps below describe how to do this.

1. With your Microsoft Word document open, click the **File** tab (top left of the screen).
2. **Save** your Word document.
3. Click the **File** tab again.
4. If you have the option to choose **Save as PDF**, select that option and continue to follow the instructions (you will skip step 7 below). If you don't have that option, choose **Save As**.
5. Select the location where you want the file saved.
6. Enter your desired file name. Recommended: Use the actual assignment name so you can readily find the file in the future. Include your name. Use hyphens or underscores to separate words. Example: If your name is Mary Smith, you might use the following to name the file: **W02-DesignDetails-Smith**
7. Change the file type by clicking the dropdown menu in the **Save as type** dropdown. Select **PDF** from the menu.
8. Select **Save**.

Return to I-Learn and submit the PDF to your instructor.

Congratulations! This assignment is an important part of your kit.
